- **Certification:** Business Intelligence & Data Analyst (BIDA), Financial Modelling & Valuation Analyst (FMVA)

EXPERIENCE

GAS TRANSMISSION COMPANY LTD (GTCL)

Dhaka, Bangladesh

Manager, Project Finance

Jan 2022 – Nov 2024

- Supported \$800M+ in international project financing across 5 gas infrastructure projects; coordinated cross-functional inputs from technical, legal, and operations teams to deliver lender-ready financial packages for ADB and World Bank.
- Built and validated financial models (NPV, IRR, DSCR, 3-statement) for 8 capital investments used in board-level capital allocation decisions; all models cleared lender due diligence without material revision.
- Developed multi-scenario forecasts, sensitivity analyses, and variance analysis to evaluate project feasibility, track expenditures against budgets, and identify cost deviation root causes, translating findings into executive-ready presentations for strategic planning and capital prioritization.
- Streamlined financial reporting workflows, reducing month-end processing time by 17%; recognized with Best Team Award for Innovation & Efficiency.

Assistant Manager, Project Finance

Nov 2018 – Dec 2021

- Built financial models and feasibility analyses for 3 infrastructure projects tied to \$400M+ in external financing, covering capital structure, debt service, and long-term cash flow projections under GAAP and IFRS frameworks.
- Performed scenario forecasting and sensitivity analysis to support project prioritization and debt management strategy, contributing to a 12% portfolio-level risk reduction.
- Researched ADB, World Bank, and JICA lending frameworks; led documentation enabling GTCL to qualify for \$150M in concessional financing, achievement recognized by promotion to Manager.

UNITED COMMERCIAL BANK PLC (UCB)

Dhaka, Bangladesh

Financial Analyst, Credit & Portfolio Analysis

May 2017 – Oct 2018

- Evaluated \$100M+ in renewable energy credit facilities through financial statement analysis, cash flow modeling, and variance reporting; delivered NPL risk recommendations that reduced portfolio risk exposure by 11% through cross-functional collaboration with risk and compliance teams.
